Re: IHM Licenses, LLC (IHM)
WKRD(AM), Louisville, KY
Facility Identification Number: 53587
Special Temporary Authority (STA)
BESTA-20200421AAG

Dear Mr. Davis:

This is in reference to the request filed on April 21, 2020. IHM requests a further extension of the STA granted on October 3, 2018, to continue operating at night with parameters at variance to allow time to complete repairs and resume licensed operations.¹ In support of the request, IHM states that additional time is needed to resolve all remaining problems with the nighttime antenna system.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and IHM may continue to operate with nighttime parameters at variance from licensed values and reduced power to maintain monitor points within licensed limits, with no change to the licensed daytime

¹ WKRD(AM) is licensed for DA operation on 790 kHz with 5 kW (day) and 1 kW (night).

operation. IHM must reduce nighttime power further or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310. IHM must submit an e-mail to my attention to note the date the station resumed licensed operations per BZ-20100831ACI with negligible changes, or to note the date an FCC Form 302 application was filed to update all operating parameters.

This authority expires on **November 11, 2020.**

Sincerely,
